G City Europe Limited (the "Company", formerly "Atrium European Real Estate Limited") is a company incorporated in Jersey. Its registered office is 37 Esplanade, St. Helier, Jersey, Channel Islands and its business address is 79 Spyrou Kyprianou, MGO Protopapas, 3076 Limassol, Cyprus. G City Europe is an owner, operator and redeveloper of shopping centres and residential for rent properties in Central Europe.

2. BASIS OF PREPARATION

The unaudited condensed consolidated interim financial statements of the Group have been prepared in accordance with IAS 34, Interim Financial Reporting as endorsed by the European Union ("EU").

The unaudited condensed consolidated interim financial statements do not include all of the information required for full set of International Financial Reporting Standards ("IFRS") annual consolidated financial statements and should be read in conjunction with the consolidated annual financial statements of the Group as at and for the year ended 31 December 2022. The annual consolidated financial statements of the Group are prepared in accordance with IFRS as endorsed by the EU.

These financial statements are presented in Euros ("€"), which is considered by the Board of Directors to be the appropriate presentation currency due to the fact that the majority of the transactions of the Group are denominated in or based on this currency. All financial information is presented in Euros and all values are rounded to the nearest thousand (€'000), unless stated otherwise, except share and per share information.

The preparation of condensed consolidated interim financial statements requires the Company to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses.

3. CHANGES IN ACCOUNTING POLICIES

NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS EFFECTIVE, AND ENDORSED BY THE EU, AS OF 1 JANUARY 2023

Amendment to IAS 1 - Disclosure of Accounting Policies

In February 2021, the IASB issued an amendment to IAS 1, "Presentation of Financial Statements" ("the IAS 1 Amendment"), which replaces the requirement to disclose 'significant' accounting policies with a requirement to disclose 'material' accounting policies. One of the main reasons for the IAS 1 Amendment is the absence of a definition of the term 'significant' in IFRS whereas the term 'material' is defined in several standards and particularly in IAS 1.

The IAS 1 Amendment is applicable for annual periods beginning on or after January 1, 2023. Early application is permitted. The Group is evaluating the effects of the IAS 1 Amendment on its financial statements.

Amendment to IAS 8 - Accounting Policies, Changes to Accounting Estimates and Errors

In February 2021, the IASB issued an amendment to IAS 8, "Accounting Policies, Changes to Accounting Estimates and Errors" ("the IAS 8 Amendment"), in which it introduces a new definition of "accounting estimates". Accounting estimates are defined as "monetary amounts in financial statements that are subject to measurement uncertainty". The IAS 8 Amendment clarifies the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. The IAS 8 Amendment is to be applied prospectively for annual reporting periods beginning on or after January 1, 2023 and is applicable to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period. Early application is permitted.

The IAS 8 Amendment is to be applied prospectively for annual reporting periods beginning on or after January 1, 2023 and is applicable to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period. Early application is permitted.

Amendment to IAS 12 - Income Taxes

In May 2021, the IASB issued an amendment to IAS 12, "Income Taxes" ("IAS 12"), which narrows the scope of the initial recognition exception under IAS 12.15 and IAS 12.24 ("the IAS 12 Amendment").

According to the recognition guidelines of deferred tax assets and liabilities, IAS 12 excludes recognition of deferred tax assets and liabilities in respect of certain temporary differences arising from the initial recognition of certain transactions. This exception is referred to as the "initial recognition exception". The IAS 12 Amendment narrows the scope of the initial recognition exception and clarifies that it does not apply to the recognition of deferred tax assets and liabilities arising from transactions that are not a business combination and that give rise to equal taxable and deductible temporary differences, even if they meet the other criteria of the initial recognition exception.

The IAS 12 Amendment applies for annual reporting periods beginning on or after January 1, 2023, with earlier application permitted. In relation to leases and decommissioning obligations, the IAS 12 Amendment is to be applied commencing from the earliest reporting period presented in the financial statements in which the IAS 12 Amendment is initially applied. The cumulative effect of the initial application of the IAS 12 Amendment should be recognized as an adjustment to the opening balance of retained earnings (or another component of equity, as appropriate) at that date.

The Group estimates that the initial application of the Amendment is not expected to have a material impact on its financial statements.

The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. For more information refer to note 2.2 in the 2022 Annual report.

Proceeds from disposal were used to redeem the Group's fully owned rouble bond listed in Luxembourg stock exchange.

As part of the transaction, the Russian Business was valued at fair value by external valuer as of 31 March 2023. The valuation was accepted by the Russian authorities and in order to approve the transaction a mandatory discount of 50% was imposed on the value, as a result the selling price of the Russian portfolio was set at RUB 11.7 billion (approximately €130 million). As per the accounting standards the contract was considered onerous and a loss of €136.3 million including the transaction cost related to brokers, advisors and lawyers has been recorded from discontinued operations.

The loan is subject to the following financial covenants: Loan to Value and Debt Service Coverage Ratio. Both conditions were met as of 30 June 2023.

BORROWINGS FAIR VALUE

Fair values have been determined with reference to market inputs, the most significant of which are:

- Quoted EUR yield curve;
- Volatility of EUR swap rates; and
- Fair values of effected market transactions.

Fair value measurements used for bonds and loans are categorised within Level 2 of the fair value hierarchy as defined in IFRS 13.

11. DERIVATIVES

The Group entered into three interest rate swap contracts ("IRSs") in connection with secured bank loans (see Note 10). These swaps replaced floating interest rates with fixed interest rates. The floating rate on the IRSs is the three month Euribor and the fixed rate is 0.826% on the loan obtained in November 2017, 0.701% on the loan obtained in November 2018 and 3.137% on the loan obtained in May 2023. The swaps have similar terms as the hedged item, such as reference rate, reset dates, payment dates, maturities and notional amount and are included in cash flow hedges to reduce the Group's cash flow volatility due to variable interest rates on the bank loans.

An economic relationship between the hedging instrument and the hedged item exists; the hedging instrument and the hedged item have values that move in the opposite direction and offset each other. The interest rate risk associated with the floating debt instruments are hedged entirely with having 1:1 hedge ratio. The IRSs are measured at fair value using the discounted future cash flow method.

The fair value measurement of the IRSs are derived from inputs other than quoted prices in active markets. The inputs used to determine the future cash flows are the 3-month Euribor forward curve and an appropriate discount rate. The inputs used are derived either directly or indirectly. Therefore, these IRSs are classified as a Level 2 fair value measurement under IFRS 13.

16. TRANSACTIONS WITH RELATED PARTIES

G City Limited is the parent company of G City Europe Limited and to the best of the management's knowledge Norstar Holdings Inc. is the controlling owner and its controlling shareholder is Mr. Chaim Katzman, Chairman of the Board of Directors.

Transactions between the Company and its subsidiaries, which are related parties, have been eliminated on consolidation and are not disclosed in this note.

G City bought in the open market the Group's 2025, 2027 and Hybrid Notes in the nominal amounts of €91.1 million, €0.9 million and €16.3 million, respectively. In June 2023, the Group bought back €90.0 million of the 2025 Notes from G City.

Based on a consultancy agreement with the Group, Mr. Katzman is entitled to €0.7 million annual consultancy fee as from 1 April 2017, payable in four equal quarterly instalments and subject to an annual review.

In May 2023, the Group signed a guarantee agreement for the registered and financial pledge of all shares in Atrium Dominikanska Sp. z.o.o. securing the amount of $150.0 million (approx. €138.0 million) to the benefit of Mizrahi Tefahot Bank Ltd under the credit facility with G City. The maturity of the pledge is in December 2026. The Group is entitled to a net consideration of $0.7 million (approx. €0.6 million) per year.

17. CONTINGENCIES

There is continuing uncertainty in the various economies and jurisdictions in which the Group has its operations and assets. These uncertainties relate to the general economic and geopolitical environment in such regions and to changes or potential changes in the legal, regulatory and fiscal frameworks and the approach taken to enforcement which may include actions affecting title to the Group’s property or land and changes to the previously accepted interpretation of fiscal rules and regulations applied by the authorities to the Group’s fiscal assets and liabilities.

Certain subsidiaries within the Group are, or have been, like other companies operating in the retail market, involved in legal and/or administrative proceedings involving the tax authorities. These past and present proceedings create uncertainty around tax policies in matters previously regarded as established but which are now subject to revised interpretation by the tax authorities.

Tax authorities in Poland are currently reviewing a withholding tax treatment for 2018 and 2020 as part of their regular audit procedures.

In 2019 the Group initiated a liquidation of prior legacy structure in Denmark and received a withholding tax ruling application which is currently under Danish tax authorities review. The risk of a potential claim is currently considered as low.

The Company can currently not reliably estimate the potential amount of any additional taxation and associated costs, but the impact may be significant.

The Hybrid Note has an off-balance sheet accrued interest of €8.3 million as of 30 June 2023 (31 December 2022: €2.1 million).

18. SUBSEQUENT EVENTS
